TIRZ Designation Ordinance No. 4532	39-41
-------------------------------------	-------

Tax Increment Financing Program

Chapter 311 of the Texas Tax Code (the TIRZ Act) authorizes the governing body of a municipality to promote redevelopment of a contiguous or noncontiguous geographic area by designating it a Tax Increment Reinvestment Zone (TIRZ). The future value of private investment within a TIRZ is leveraged to finance public improvements, to enhance existing public infrastructure, and to maximize the benefits of other incentive tools. Public investment in TIRZ, using tax increment as a financing mechanism, stimulates private sector investment in areas of the City that would not otherwise attract market interest. Taxing entities, including school districts, can opt in at a participation rate of their choosing, electing to contribute 0% to 100% of their tax increment into the zone.

Key Points:

- Chapter 311 of the Texas Code controls all procedures for the creation of a TIRZ
- Base value is assessed value in year TIRZ is designated (as of January 1)
- Development over time increases assessed value
- Higher assessed value results in additional real property tax revenues

Once a TIRZ has been established, incremental real property taxes resulting from new construction, public improvements and redevelopment efforts accrue to the various taxing entities. Local taxing entities retain the right to determine the amount of the tax increment. The City enters into written Interlocal Agreements with all participating taxing entities to specify: (1) the conditions for payment of tax increment into a tax increment fund, (2) the portion of tax increment to be paid by each entity into the tax increment fund, and (3) the term of the Interlocal Agreement.

The amount of a taxing unit's tax increment for a year is the amount of property taxes levied and collected by the unit for that year on the "captured" appraised value of real property taxable by the unit and located in the TIRZ. Captured appraised value is the total appraised value of all real property taxable by the unit and located in a TIRZ for that year less the total appraised value of taxable real property in the base year (the year in which zone was designated by ordinance).

Board of Director Responsibilities

The TIRZ Board prepares and adopts a project plan and a reinvestment zone financing plan and submits the plans to the City Council that designated the zone. Once a TIRZ project and financing plan has been approved by the City Council, the Board monitors the ongoing performance of the TIRZ by reviewing the construction status of proposed public improvements and amenities, reviewing the status of the tax increment fund, approving amendments to the project and financing plan, and recommending certain actions by City Council related to the TIRZ. The TIRZ Board must comply with the Texas Open Meetings Act as well as with all subsequent City Code provisions for City Boards and Commissions, to the extent that there is no conflict with the TIRZ Act.

Heartland Town Center TIRZ No. 11

Actions Taken to Date

On June 7, 2010, the City entered into an agreement with 269 Kaufman Partners, LTD., to develop 146 acres located in the City's ETJ near FM 741 and IH-20 as a high quality town center commercial development along the IH-20 Corridor. In 2014, the rights to develop the property expired due to inactivity, and in 2017, the developer, Centurion American, requested a new agreement and concept plan to include the addition of a residential development financed through a Tax Increment Reinvestment Zone (TIRZ) and a Public Improvement District (PID). On October 16, 2017, the City Council authorized the City Manager to negotiate a new development agreement with the requirement that the developer request voluntary annexation into the City Limits.

On November 13, 2017, the Developer filed a petition for the creation of the Heartland Town Center PID, and on November 14, 2017, the City Council passed resolutions calling for public hearings to consider both the Heartland Town Center PID and TIRZ.

On December 4, 2017, the City Council directed the City Manager to finalize and execute a development agreement with CADG Kaufman 146, LLC, and Kaufman County Fresh Water Supply District No. 5, relating to the proposed Heartland Town Center Development. Under the new concept plan the development consists of two tracts, a 25.5-acre general retail tract and a 121.3-acre tract for residential use to include approximately 450 residential lots. The lots will primarily be 40-50 feet wide and will be comparable to lot sizes in the surrounding area. The creation of the TIRZ and PID to help fund public infrastructure needed for the development was conditioned upon annexation into the City.

On December 18, 2017, after holding a public hearing, the City Council passed Ordinance No. 4532 creating Reinvestment Zone Number Eleven for a duration of 30 years, expiring on December 31, 2048, if not sooner terminated, and the tax increment for the TIRZ was set at the total value of the ad valorem tax collected on all real property within the TIRZ. At this same meeting, the City Council passed Resolution No. 80-2017, creating the Heartland Town Center PID to finance the cost of certain authorized public improvements that confer a special benefit to property located within the PID as authorized by State law.

On April 2, 2018, the City and Developer executed the Heartland Town Center Development Agreement, and currently the City intends to issue PID bonds on July 16, 2018.

Under the PID, the City will levy assessments based on lot type in an amount sufficient to pay debt service on any special assessment revenue bonds issued to finance a portion of the authorized improvements, capped by the Development Agreement at \$14 million. While the TIRZ boundary encompasses the entire 146.746 acres of the Heartland development, the PID boundaries only include the 121.3-acre residential tract, which will develop as single-family residential.

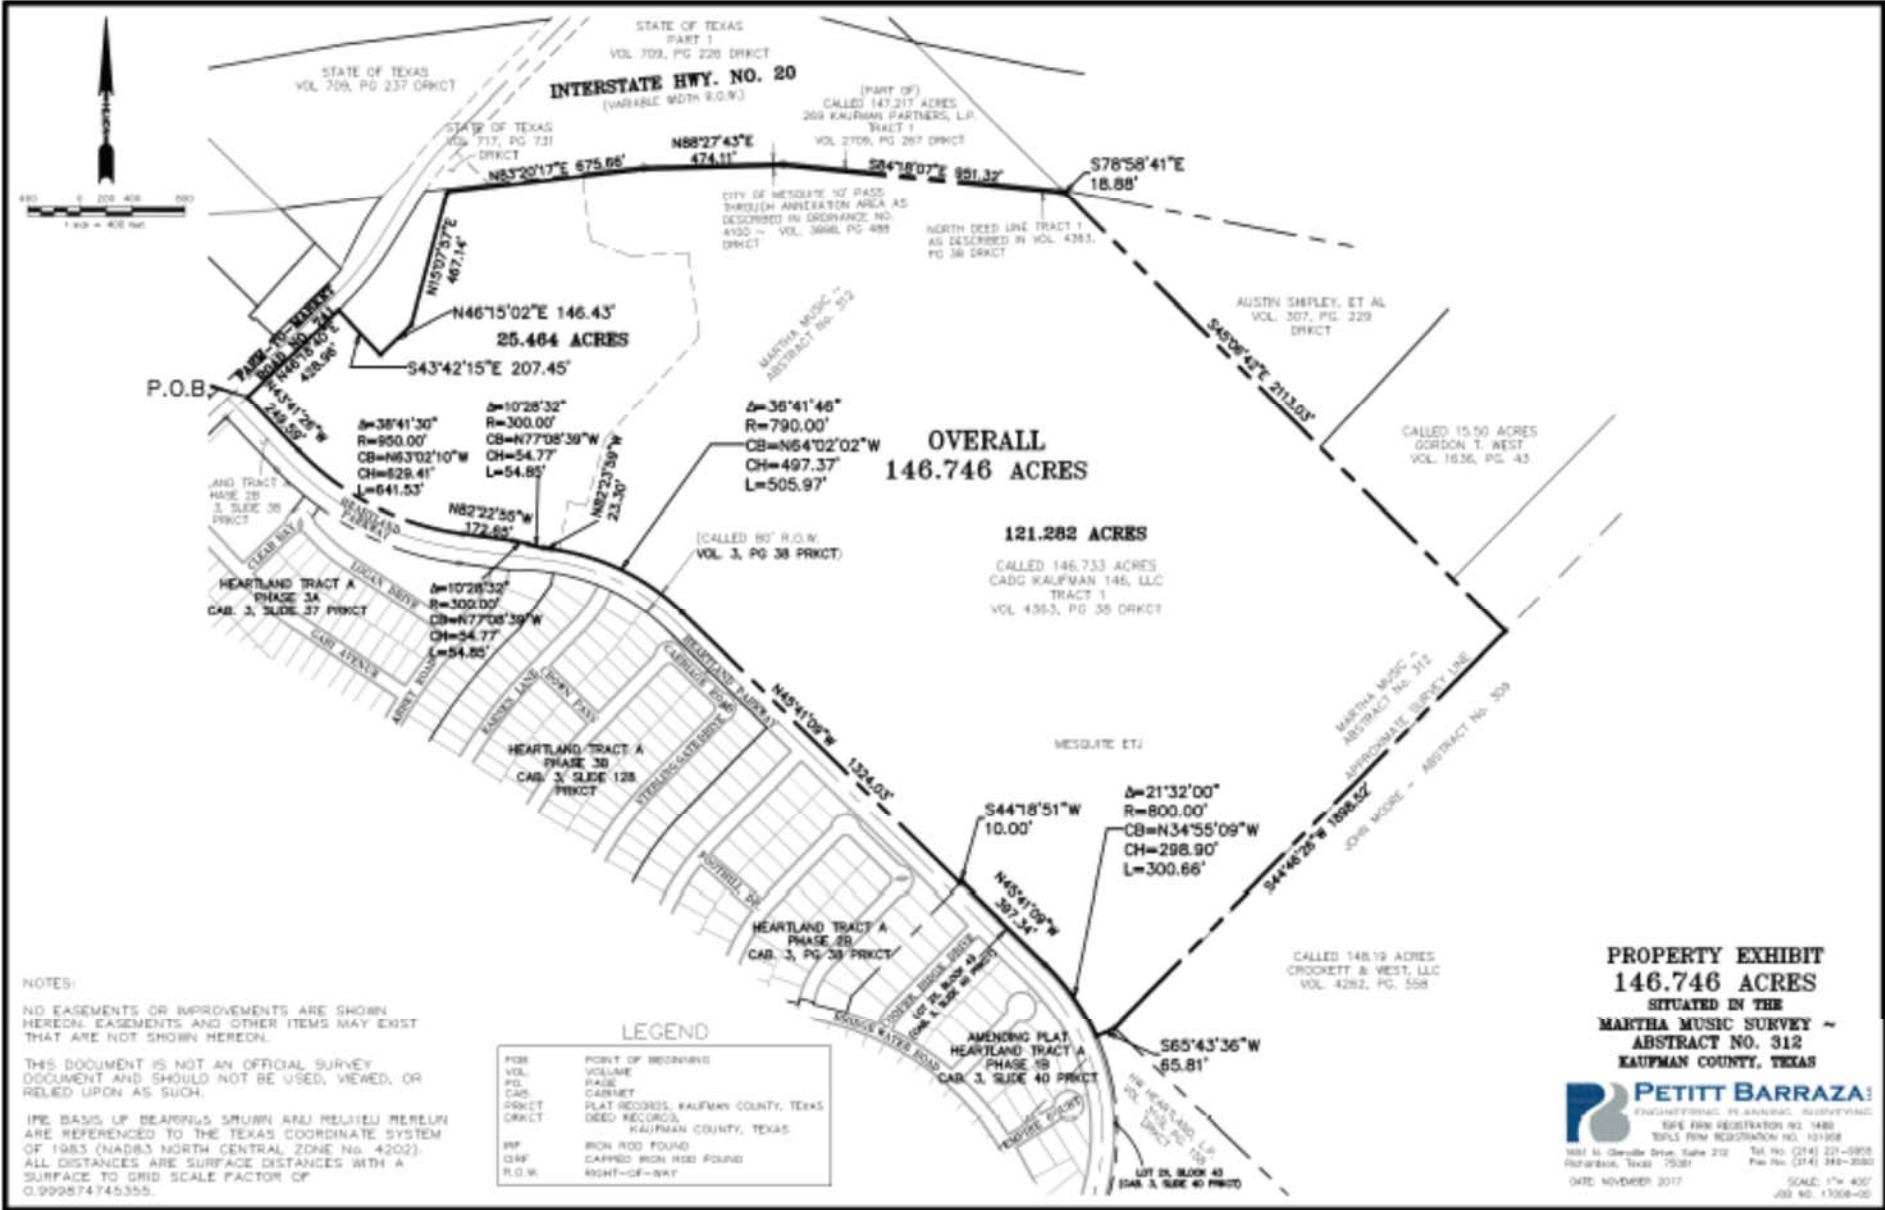

On May 29, 2018, the Developer filed a voluntary petition for annexation of the 25.5-acre general retail tract and a Resolution accepting the petition and calling for two public hearings is scheduled for the June 18, 2018, City Council meeting.

Board Recommendation

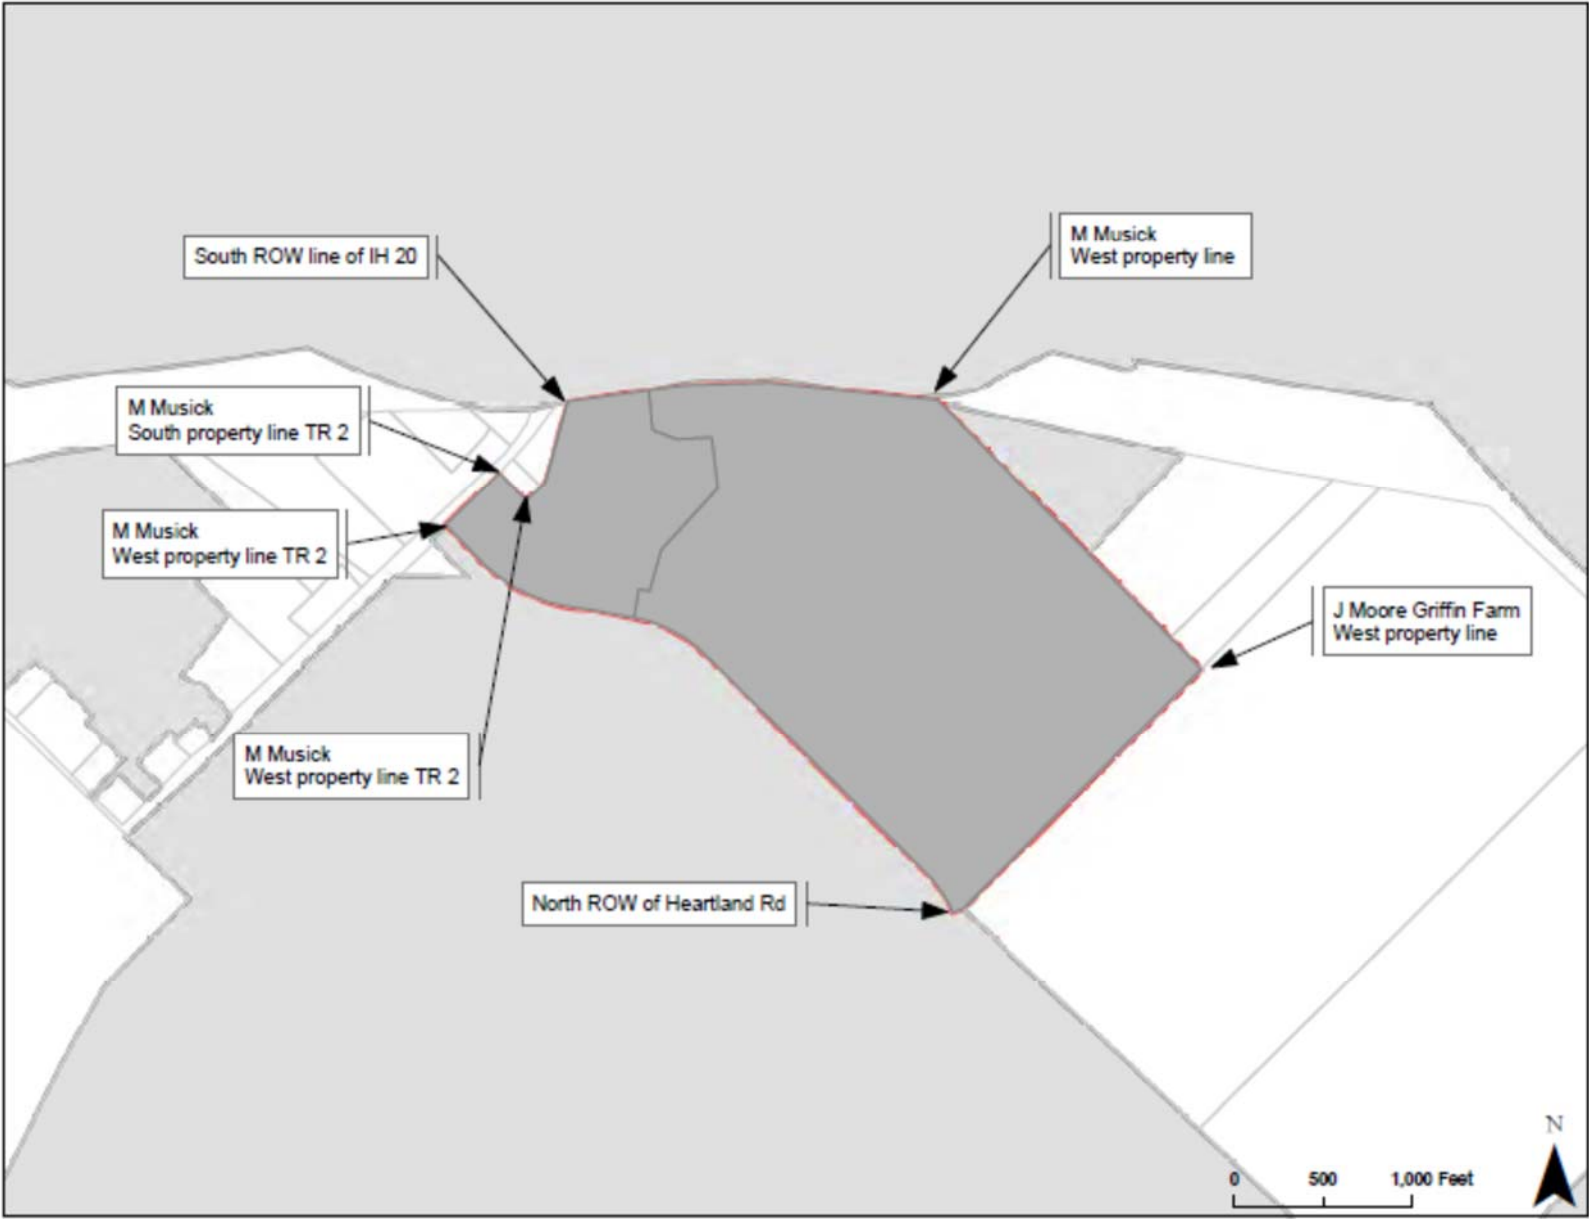

The Board has prepared and adopted, and recommends to the City Council this ***Reinvestment Zone Project and Financing Plan for Reinvestment Zone Number Eleven, City of Mesquite, Texas (Heartland Town Center)*** for approval, including a TIRZ Agreement with the City pursuant to which the City will contribute a portion of its ad valorem tax increment into a tax increment fund to pay the costs of public works, public improvements, programs, and other projects benefiting the Zone through payment of public improvement district special assessment revenue bonds (including interest and other financing costs of such bonds) issued by the City to finance those costs.

The Board finds that the Zone is feasible, and that TIRZ Project and Financing Plan is in the best interest of the City of Mesquite.

Current Land Use

Existing Uses and Conditions

The Property is currently located in Kaufman County and wholly within the City's ETJ. The Property is undeveloped, and there is no public infrastructure to support development. Development will require extensive public infrastructure that: (1) the City cannot provide; and (2) will not be provided solely through private investment in the foreseeable future. If the Property were to be developed today, it would be developed consistent with the terms of the Development Agreement. Maps of current land use and zoning are shown on the next two pages.

Current Property Ownership

There are five parcels within the TIRZ and details of the parcels are shown below.

The current total appraised value of taxable real property in the Zone is \$33,020. It is estimated that upon expiration of the term of the Zone, the total appraised value of taxable real property in the Zone will be more than \$161 million.

Zone Characteristics

Proposed Uses

Currently, the property is zoned Agricultural and is vacant. Upon annexation, the 25-acre tract will be zoned General Retail consistent with the development standards contained in the Development Agreement. The 121-acre tract will be zoned Planned Development - Single Family Residential and is expected to develop in two phases over three to four years.

Phase 1 is expected to begin in 2019 with infrastructure improvements and 215 lots completed by 2022. Phase 2 is expected to begin in 2020 with infrastructure improvements and 235 lots completed by 2024. The anticipated average base home price for the 40-foot width lots is \$215,000, and the anticipated average base home price for the 50-foot width lots is \$255,000. Maps of the Property and description of the proposed uses of the Property are shown on the following pages.

The Property meets the eligibility requirements of the PID Act. The Property is undeveloped, and due to its size, location, and physical characteristics, development will not occur solely through private investment in the foreseeable future. The Property substantially impairs and arrests the sound growth of the City because it is predominately open, unproductive and undeveloped due to factors such as the lack of public infrastructure and other facilities and the need for economic incentives to attract development to the Zone for the purpose of providing long-term economic benefits including, but not limited to, increased real property tax base for all taxing units in the Zone. With the creation of the Zone and if the public works, public improvements, programs, and other projects are financed as contemplated by this Plan, the Developer envisions that the Property will be developed to take full advantage of the opportunity to bring to the City a master-planned development.

Proposed Changes to Ordinances, Codes, and Regulations

The Property is currently located in the ETJ of the City and is not subject to the City's zoning regulation, however the Development Agreement requires the Developer to file for voluntary annexation, and upon annexation to then file certain deed restrictions with the Kaufman County Court of Record. A list of 30 prohibited uses to be filed as deed restrictions is found in Exhibit D-1 of the Development Agreement.

Financial Feasibility

Economic Feasibility Study

In March 2018, a taxable value analysis was developed by David Pettit Economic Development, LLC, as part of the preliminary project and financing plan to determine the economic feasibility of the project. The study examined the expected tax revenue the TIRZ would receive based on development assumptions. The Table on Page 15 summarizes the anticipated development square footages, the anticipated taxable value per unit for residential development, and the anticipated taxable value per square foot for mixed use development.

The following pages show the estimated captured appraised value of the Zone during each year of its existence and the net benefits of the Zone to each of the local taxing jurisdictions as well as the method of financing.

Based on the foregoing analysis, the feasibility of the Zone has been demonstrated.

To fund the improvements outlined in the Project Plan, the City will contribute 62.5 percent of its real property tax increment towards residential development and 25 percent of its real property tax increment towards the mixed use development.

Method of Financing

For the 121-acre development, the City anticipates issuing special assessment revenue bonds secured by PID assessments to finance all or a portion of Project Costs, with any remaining costs of public improvements paid by the Developer.

In accordance with the Development Agreement, this TIRZ Project and Finance Plan, and the PID SAP, TIRZ revenues will be collected annually at 62.5 percent of the ad valorem tax increment from the residential tract only, to reduce the amount of assessments for a period of up to 31 years or until the amount of TIRZ revenue related to the PID and placed in the City’s TIRZ Fund residential account totals \$14,827,784, whichever occurs first.

Financial Feasibility

Method of Financing

Section 311.010(h) of the TIRZ Act provides that the Board, subject to the approval of the City Council, may establish and provide for the administration of one or more programs as the Board determines is necessary or convenient to implement and achieve the purposes of this Plan, which programs are for the public purposes of developing and diversifying the economy of the Zone and developing business and commercial activity within the Zone. Such economic development programs may include, to the extent permitted by law, programs to make grants of any lawfully available money from the TIRZ Fund, both of which are for activities that benefit the Zone and stimulate business and commercial activity in the Zone. All grants that are part of the economic development programs must serve the public purpose of attracting new business and commercial activity to the Zone for the purpose of providing long-term economic benefits including, but not limited to, increases in the real property tax base for all taxing units within the Zone, and increased job opportunities for residents of the City, the County, and the region, all of which benefit the Zone and the City.

The City anticipates reimbursing the Developer, or any owner of any part of the general retail tract, eligible Project Costs for programs authorized by Chapter 380, Local Government Code.

In accordance with the Development Agreement, this TIRZ Project and Finance Plan, and the PID SAP, TIRZ revenues will be collected annually at 25 percent of the ad valorem tax increment from the general retail tract only, to reimburse the Developer, or any other owner of all or any part of the TIRZ general retail tract, for public improvements in accordance with any Chapter 380 Economic Development Program Agreement for a period of up to 31 years or until the amount of TIRZ revenues in the Commercial Account of the TIRZ Fund totals \$3,283,602, whichever occurs first.

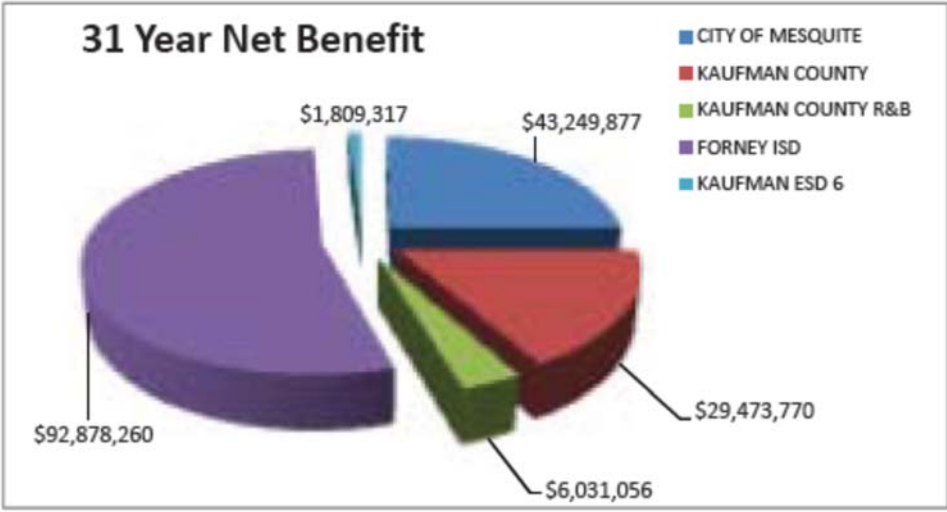

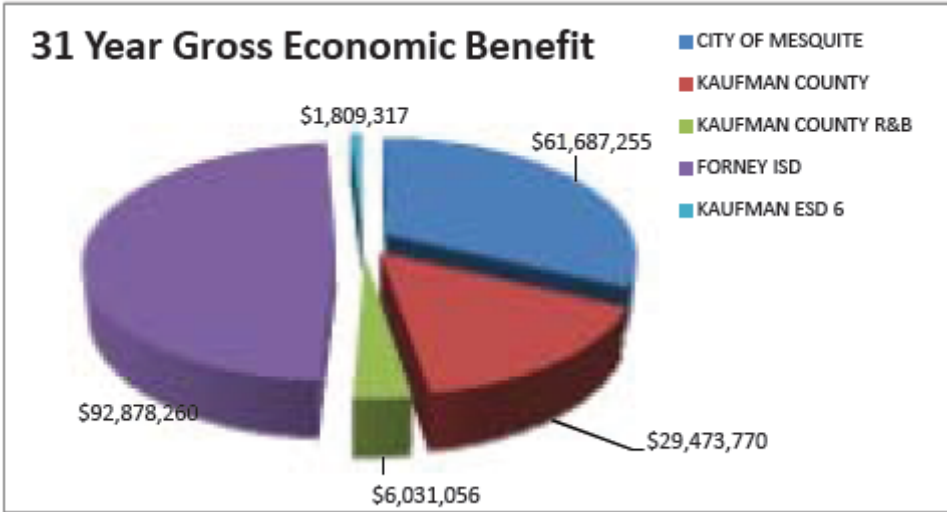

Debt Service

It is not anticipated that the TIRZ will incur any bonded indebtedness.

That the Zone shall take effect immediately upon the passage of this Ordinance, consistent with Section 311.004(a)(3) of the Act, and the Zone shall terminate upon the occurrence of any of the following: (i) December 31, 2048; or (ii) an earlier or later termination date designated by an ordinance adopted under Section 311.007(c) of the Act; or (iii) the date on which all project costs, tax increment bonds and interest on those bonds, and other obligations of the Zone have been paid in full, in accordance with Section 311.017 of the Act.

Pursuant to Section 311.012(c) of the Act, the tax increment base of the City, or any other taxing unit participating in the Zone, is the total taxable value, as of January 1, 2017, of all real property taxable by the City or other taxing unit participating in the Zone, and located in the Zone for the year in which the Zone was designated as a reinvestment zone (the "Tax Increment Base") or if the City does not levy an ad valorem tax in the year in which the Zone is designated, the Tax Increment Base is determined by the appraisal district in which the Zone is located in accordance with Section 311.012(c) of the Act. Pursuant to Section 311.013(l) of the Act, the amount of the tax increment for a year will be determined in the ordinance adopted under Section 311.011 of the Act approving the reinvestment zone financing plan for the Zone calculated on the amount of real property taxes levied and collected by the City, and all or a portion of property taxes of other taxing units participating in the Zone and located in the Zone (as set forth in an agreement to participate in the Zone) for that year on the Captured Appraised Value (defined below) of real property taxable by the City or other taxing unit participating in the Zone and located in the Zone (the "Tax Increment"). Consistent with Section 311.012(b) of the Texas Tax Code, as amended, the Captured Appraised Value of real property taxable by the City or other taxing unit participating in the Zone for a year is the total taxable value of all real property taxable by the City or other taxing unit participating in the Zone and located in the Zone for that year less the Tax Increment Base of the City or other taxing unit participating in the Zone (the "Captured Appraised Value").

The Tax Increment Fund and any subaccounts shall be maintained at the affiliated depository bank of the City and shall be secured in the manner prescribed by law for funds of Texas cities. In addition, all revenues to be dedicated to and used in the Zone shall be deposited into the Tax Increment Fund from which money will be disbursed to pay project costs, plus interest, for the Zone.
